# WORKLAB

Make your workspace more dynamic

# WORKLAB – a new approach to the work environment

- Creative solutions are born in a dynamic environment;
- The work environment has to adapt to the employee;
- A modern workplace is mobile, flexible and multifunctional.

WORKLAB

# Design that stands out

WORKLAB

# Ensured mobility

Large castors are an integral part of the WORKLAB design, ensuring the mobility of this piece of furniture and enhancing its unique image.

“

The idea arose from the need to have a dynamic workspace and to break free from orderly office schemes. It has been designed to fit in all those spaces that need to be modified on demand.”

Baldanzi & Novelli designers

WORKLAB

# Triple functionality

# A mobile centre for team meetings and a tool for active collaboration

WORKLAB temporary workplace

# A workplace exactly where you need it

WORKLAB shelf

# A playful partition and a practical shelf

A synthesis of different functions is what you need for an ever-changing work environment

WORKLAB changes together with the user and can adapt to a wide variety of situations:

WORKLAB

from a mini-office at home to large collaboration areas...

WORKLAB

...enclosed laboratories or public spaces...

WORKLAB

...for ascetic workshops or sophisticated art studios.

# Combinations of finishes for the most demanding user

WORKLAB

# Powder-coated metal surfaces

Powder-coated metal is a robust and practical covering. A wide range of colours makes it easy to choose the WORKLAB's image you want. The perforated metal sheet is an original and innovative element for the office.

WORKLAB

# For user convenience and cosiness

WORKLAB

# Power solutions

A cable tray, conveniently designed power sockets and a properly routed power cable ensure that a mobile workplace is truly mobile.
