

KLC 720

KIT SEDUTE COLLETTIVITÀ
COMMUNITY CHAIR KITS

Design: Alegre Design

COM

La versione per collettività è prodotta in un'ampia gamma di varianti: con 4 gambe, anche nel modello con braccioli e con base cantilever. Due tipi di sgabello, a 4 gambe e slitta, completano la famiglia. KLC è disponibile in tante varianti di colore.

the community version comes in a wide range of options: with 4 legs, with or without armrests, or with cantilever base. Two stools, with 4 legs or sled frame, complete the family. The KLC shell is available in many colour variations.

La versione educational è prodotta con un'originale base porta oggetti in nylon caricato in fibra di vetro, per alloggiare comodamente anche zainetti e borse oppure con base girevole a 5 razze ed è caratterizzata dall'originale design del braccio per la tavoletta orbitante, oltre che dalla pratica mensola portalibri/iPad.

The educational version may come with an original storage compartment base made of fiberglass reinforced nylon, which can house conveniently backpacks and bags, or with a swivel 5-star base. The edu chair kit comes also with an orbiting tablet and with a practical book-holder/iPad shelf.

KLC 720

Design: Alegre Design

Monoscocca in polipropilene caricato fibra di vetro. Versione girevole: supporto centrale in alluminio pressofuso pulito o verniciato con polveri epossipoliestere, spessore medio 50 micron. Supporto tavoletta composto da tubo Ø25 mm spessore 1,5 mm, e tubo centrale Ø40 mm spessore 2 mm secondo normativa UNI EN10305-3:2003, saldato a MIG. Il supporto per la tavoletta può avere due altezze, 23 o 28 cm, riferiti alla quota di spazio utile tra seduta e sotto tavoletta. La versione da 23 cm ha come optional un carter coprente in polipropilene caricato fibra di vetro. Tavoletta in polipropilene caricata fibra di vetro, ripiano sotto sedia e porta IPAD in polipropilene. Colonna gas Ø50 mm. La base a 5 razze è in alluminio pressofuso, la base a 6 ruote è in nylon caricato fibra di vetro grigio chiaro o antracite, con colonna girevole ed ha uno spazio utile di 23 cm in altezza. Versione 4 gambe: piedini in polipropilene bianchi o neri. Gambe in tubo tondo Ø 18 mm, spessore 2 mm, secondo norma UNI 10305-3; saldatura a MIG. Finitura cromata con spessore medio di 5 micron, verniciato con polveri epossi-poliestere nero o bianco con spessore medio di 50 micron. Impilabilità massima: 6 sedie. Versioni slitta o sgabello: filo Ø 11 mm FE360 E4FT-A6 CR (materiale per cromo) piegato e saldato a MIG; cromato con spessore medio di 5 micron, verniciato con polveri epossipoliestere di colore nero e bianco con spessore medio di 50 micron. Impilabilità massima: 5 sedie.

Design: Alegre Design

Fiberglass reinforced polypropylene shell. Swivel version: the central support is made of die-cast aluminium and can be plain or epoxy-polyester coated, average thickness 50 micron. The tablet arm support is made of tubular steel Ø 25 mm, thickness 1.5 mm, and central tube Ø 40 mm, thickness 2 mm, in compliance with UNI EN10305-3:2003. MIG welded. The support for the tablet can have two heights, 23 cm or 28 cm, referring to the share of useful space between the seat and the under-tablet. The 23 cm version may have a fiberglass reinforced polypropylene cover as an optional. The tablet is fiberglass reinforced polypropylene. Polypropylene Ipad/Books underseat holder Gas column 50 mm. 5-star die-cast aluminium base. "Edu basket" base with 6 castors in fiberglass reinforced nylon, with revolving column of 23 cm height. 4-leg version: polypropylene feet, legs in tubular steel Ø 18 mm, thickness 2 mm, in compliance with UNI 10305-3. MIG welded structure. 4-leg chair with or without armrest with chromium-plated finish, average thickness 5 micron, epoxy-polyester coated, average thickness 50 micron. Maximum stackability: 6 chairs. Sled or stool versions in bent wire-welded steel rod Ø 11 mm FE360 E4FT-A6 CR (for chromium plating), MIG welded. Sled/stool finish: chromium-plated, average thickness 5 micron, epoxy-polyester coated, average thickness 50 micron. Maximum stackability: 5 chairs.
