WIND

Ergonomic features, functionality and unique design to create more comfortable and productive workplace.

Design “Baldanzi & Novelli Designers” | Italy

“The inspiration for this product was born from the desire to create a simple but very versatile chair. In addition, we felt the need to give this product a decisive character – an element defining its identity.”

Baldanzi & Novelli Designers

A lumbar support made from transparent silicon adapts to the shape of the back for your exceptional comfort.

“Clear as the wind setting the sails in the sea or making the tree leaves tremble.”
