# Collaboration

The family of NORTH CAPE chairs is our first shared project with the Italian studio „Baldanzi & Novelli designers“. Inspiring intercultural collaboration grew to a number of successful projects.

*“When two different cultures with the same goal meet, a wonderful result is achieved“*

*Adriano Baldanzi*

# Inspired by the hills of Tuscany

“The lines for the sketches came so fluently, without any surprises. They are as simple as people from the northern regions. Then I realised that the feature that is common to us is simplicity.”

Adriano Baldanzi
