B-ACTIVE

This practical electric height-adjustable desk combines excellent ergonomic features with premium quality which is now even more accessible to users.

Helps achieving individual and team goals

Thanks to its design, B-ACTIVE is perfect for setting up both individual and collaborative work spaces and ensures safe working conditions.

This sit-stand desk is optimally sized and allows you to utilize your work space efficiently.

Easily adaptable des

With its compact design, B-ACTIVE can be easily adapted for a number of different workplace types and sizes, whether it is your office, your home or any other place of work.

The “nothing unnecessary” philosophy

There is nothing unnecessary – the practical design is reduced to the essential. The hidden fixing elements and cables help to maintain your workplace tidy and well-organised.

Unleash freedom of creation with a variety of combinations

Create your desired workplace style and atmosphere by matching the colour of the desk legs with the colour of the desktop.

Ideal desk height

The wide height adjustment range allows employees to easily customize the height of the desk for convenient use.

Convenient wire management

The desk frame has special hooks designed for convenient wire management, thus, there is no need to purchase extra accessories.

Simple adjustment of height

You can easily raise or lower the desk to an optimum height at the touch of a button and the memory function allows you to save two desk height preferences of your choice.

Safety-oriented design elements

For greater safety at the workplace, B-ACTIVE has an integrated anti-collision feature and a feature protecting the desk against overloading.

Stability

The height of the B-ACTIVE desk is changed through activation of two motors and this solution significantly improves the desk's stability and its harmonious movement.

Wide selection of desk screens for added safety and comfort

compatible with B-ACTIVE desks.

Height-adjustable desk frame

The telescopic frame of the desk can be adjusted and used with desktops of different dimensions: from 100 to 160 cm in length and 70/80 cm in depth.

A close-up photograph of the lower portion of a white desk. The desk has a vertical support column and two horizontal legs. The legs are white with a smooth finish. The leg in the foreground is angled towards the viewer, showing its side profile and a black circular foot. The leg in the background is more parallel to the camera, also showing a black circular foot. The background is a solid, light blue color.

Every detail matters

You can choose metal legs from two options and create your own custom B-ACTIVE desk by selecting desired components from the desktop right down to the feet.
