

Reception counters Vero

MARO Office Furniture

For 30 years, we have been making sure that office work is comfortable and ergonomic. Our furniture demonstrates our professionalism and love for what we do. We are passionate about creating exquisite and functional things and that translates into a quest for new solutions that turn concepts into products at a higher and higher level. Using innovative engineering solutions, we strive for ensuring that our products are top-notch. Our quality has been proved by ISO 9001 and Geprüfte Sicherheit certificates. This is possible thanks to our technology park, where world-class techniques come together under one roof. As a responsible producer, we wish to minimize our ecological footprint and expect the same from our suppliers.

Our Machinery Park guarantees top quality and precision. Thanks to the investments in new techniques and constant search for unconventional solutions, we thrive all the time. We are aware of how valuable the human factor is, therefore some elements of our furniture are hand-made. Gluing the carcasses of curved counters is a job where the human has an advantage over the machine. However, where surgical precision and repeatability in short time are necessary, we take advantage of the latest technique. Wood processing center drills, mills and processes the edges with utmost precision. The quality of our furniture is based on hundreds of trials and tests, thanks to which we are certain that we are second to none

R e c e p t i o n c o u n t e r s V e r o

Vero collection comprises of high reception counters (1100 mm high) and low reception counters (740 mm high). The reception counter can suit any space type thanks to straight and curved modules. Vero collection enables to create a reception counter in one (monofront) or two (duofront) colors.

Monofronts are available in four options: plain fronts with no base, plain fronts in brushed aluminum color, fronts with decorative profiles with no base or fronts with decorative profile and a base.

All duofronts are equipped with decorative profiles and are available with or without a base.

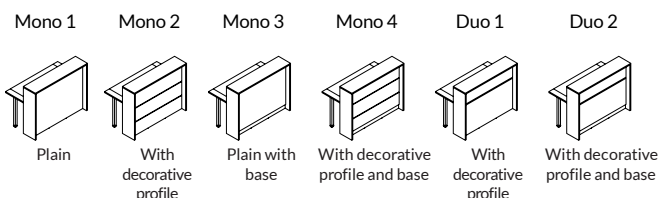

WORK TOP

- Chipboard coated on both sides with melamine resin with increased durability - 1st class.
- Chipboard with reduced formaldehyde emission, E1 standard.
- 25 mm thick work top finished with 2 mm thick ABS plastic edge with 3 mm radius.
- Work top affixed to front at the height of 740 mm.
- Scallop cut-out as standard.
- Monitor shelf as an option with a surcharge for high straight reception counters from 1600 mm wide, cut-out in the work top on the right/left side or the center, shelf with adjustable height. Monitor shelf does not exclude corner outlet.

RECEPTION COUNTER FRONT

- In curved reception counters skeleton structure is covered with 0.8 mm HPL laminate. Front in straight reception counters is made of 18 mm thick board.
- Fronts are equipped with leveling feet +10 mm.
- 18 mm thick base in brushed aluminum color.
- The elements of reception counters are connected with Lamello screw joiners.

ADDITIONAL EQUIPMENT

- Horizontal cable channels for straight reception counters affixed to the inner side of the fronts or under the work top or flexible cable channel affixed under the work top as an option with a surcharge.

ADDITIONAL INFORMATION

- Colors offer MARO.
- While placing your order, please specify the color of the front, work top, counter top, sides and metal elements.
- Due to technology, the sets of reception counters are produced as an inseparable whole and it is impossible to later order additional elements.

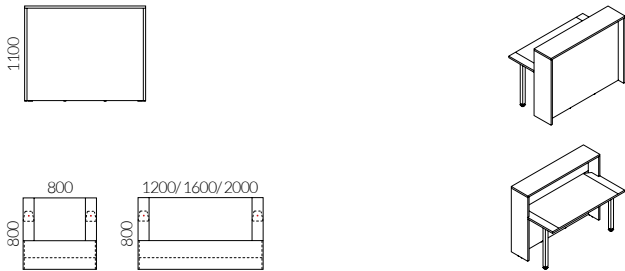

AMBIENT LIGHTENING

- All add-on tops for Vero high reception counters can be equipped with white LED ambient light illuminating the front from the inner side. Surcharges are specified next to the products.

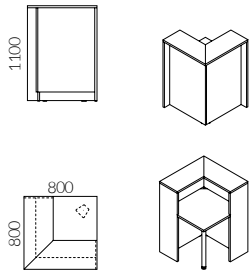

ADD-ON TOP + SIDES

- 25 mm thick board top and sides coated on both sides with melamine resin finished with 2 mm thick plastic edge with 3 mm radius.
