MARO Office Furniture

For 30 years, we have been making sure that office work is comfortable and ergonomic. Our furniture demonstrates our professionalism and love for what we do. We are passionate about creating exquisite and functional things and that translates into a quest for new solutions that turn concepts into products at a higher and higher level. Using innovative engineering solutions, we strive for ensuring that our products are top-notch. Our quality has been proved by ISO 9001 and Geprüfte Sicherheit certificates. This is possible thanks to our technology park, where world-class techniques come together under one roof. As a responsible producer, we wish to minimize our ecological footprint and expect the same from our suppliers.

Our Machinery Park guarantees top quality and precision. Thanks to the investments in new techniques and constant search for unconventional solutions, we thrive all the time. We are aware of how valuable the human factor is, therefore some elements of our furniture are hand-made. Gluing the carcasses of curved counters is a job where the human has an advantage over the machine. However, where surgical precision and repeatability in short time are necessary, we take advantage of the latest technique. Wood processing center drills, mills and processes the edges with utmost precision. The quality of our furniture is based on hundreds of trials and tests, thanks to which we are certain that we are second to none

StartUs-S

StartUs-S model will be particularly appreciated by PC users as it enables to cover both the PC and monitor. Thanks to the cable outlet, cables are well-managed. The space for the monitor will also fit stationery items.

The idea behind StartUs collection is to keep the balance between work and free time by making the desk as compact as possible and by taking up space only while in use.

The organization of work can be improved by adding extra padded upholstered panels for note pinning and a metal strip for hanging accessories for small office supplies.

ACCESSORIES FOR HANGING

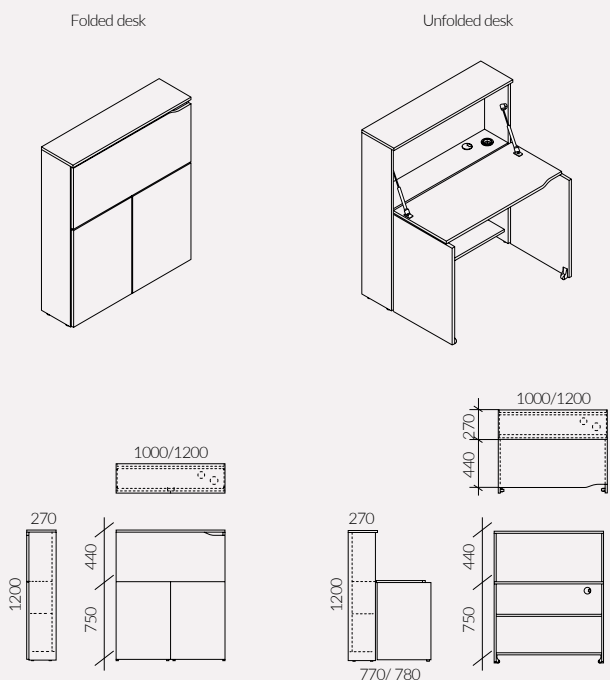

STRUCTURE

- Chipboard coated on both sides with melamine resin with increased durability - 1st class.
- Chipboard with reduced formaldehyde emission, E1 standard.
- Side edges finished with 2 mm thick ABS plastic edge with 3 mm radius.
- Carcass, front, back wall and desk top made of 18 mm thick chipboard.

EQUIPMENT

- Desk is equipped with shelves. Top and bottom shelves are construction shelves. Middle shelf can be adjusted every 32 mm. All shelves are made of 18 mm thick board.
- Shelves are available only in UNI colors.
- Bottom fronts are equipped with 90° hinges, castors and push to open function.
- Top front is equipped with a slot in the top right corner that serves as a handle. Front is lifted with gas struts.
- Round cable outlets $\varnothing 60$ and Power Circle L.
- Screw anchors for fitting to concrete walls, spacing 12 mm, included.
- From the inside back wall can be equipped with:
 - An upholstered panel
 - A metal strip for accessories
 - An upholstered panel with a strip for accessories
 - Accessories for hanging on the strip.

StartUs-S Hideaway desk

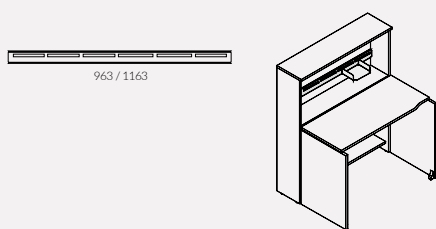

HEIGHT

- Furniture height: 1200 mm, leveling feet: +10 mm.
- Top height: 740 mm.
